

TO FUTURE CUSTOMERS OF BRINK SKIPS

I have been making use of Brink Skips for the past 2½ years on a regular basis to remove garden rubble, building materials and ordinary large debris from my premises in Vanderbijlpark.

The service rendered by Brink Skips has been exceptional and they always go the extra mile to accommodate you with whatever requirements you may need.

The service is timeously, extremely reliable and at a very competitive price.

I would recommend Brink Skips to anybody who expects to receive a friendly, professional and reliable arrangement in a long or short-term relationship, as they are cost effective and deliver a trustworthy service.

Greetings

Thinus Botha
